XVIII.—REGULATIONS CONCERNING PRECEDENCE OF DIPLOMATIC AGENTS.

The rules on this subject which have been prescribed by the Department are the same as those contained in the seven rules of the Congress of Vienna, found in the protocol of the session of March 9, 1815, and in the supplementary or eighth rule of the Congress of Aix la Chapelle of November 21, 1818. They are as follows:

ARTICLE I. Diplomatic agents are divided into three classes: That of ambassadors, legates, or nuncios; that of envoys, ministers, or other persons accredited to sovereigns; that of chargés d'affaires accredited to ministers for foreign affairs.

ART. II. Ambassadors, legates, or nuncios only have the representative character.

ART. III. Diplomatic agents on an extraordinary mission have not, on that account, any superiority of rank.

ART. IV. Diplomatic agents shall take precedence in their respective classes according to the date of the official notification of their arrival. The present regulation shall not cause any innovation with regard to the representative of the Pope.

ART. V. A uniform mode shall be determined in each state for the reception of diplomatic agents of each class.

ART. VI. Relations of consanguinity or of family alliance between courts confer no precedence on their diplomatic agents. The same rule also applies to political alliances.

ART. VII. In acts or treaties between several powers which grant alternate precedence, the order which is to be observed in the signatures shall be decided by lot between the ministers.

ART. VIII. * * * It is agreed that ministers resident accredited to them shall form, with respect to their precedence, an intermediate class between ministers of the second class and chargés d'affaires.

These rules have been formally or tacitly accepted by all governments except the Ottoman Porte, which divides diplomatic representatives into three classes only—ambassadors, ministers, and chargés d'affaires.

XX. REGULATIONS GOVERNING APPOINTMENTS AND PROMOTIONS IN THE DIPLOMATIC SERVICE AND FOR THE IMPROVEMENT OF THE PERSONNEL OF THE DEPARTMENT OF STATE.

EXECUTIVE ORDERS.

Whereas, The Congress, by Section 1753 of the Revised Statutes of the United States, has provided as follows:—

"The President is authorized to prescribe such regulations for the admission of persons into the civil service of the United States as may best promote the efficiency thereof, and ascertain the fitness of each candidate in respect to age, health, character, knowledge, and ability for the branch of service

into which he seeks to enter; and for this purpose he may employ suitable persons to conduct such inquiries, and may prescribe their duties, and establish regulations for the conduct of persons who may receive appointments in the civil service."

And, Whereas, it is deemed best for the public interest to extend to the Diplomatic Service the aforesaid provision of the Revised Statutes and the general principles embodied in the Civil Service Act of January 16th, 1883:—

The Secretary of State is hereby directed to report from time to time to the President, along with his recommendations, the names of those secretaries of the higher grades in the Diplomatic Service who by reason of efficient service have demonstrated special capacity for promotion to be chiefs of mission.

There shall be kept a careful efficiency record of every officer of the Diplomatic Service, in order that there may be no promotion except upon well-established efficiency as shown in the service, and that retention in the service may be conditioned upon the officers' maintaining a degree of efficiency well up to the average high standard which the interests of the service demand.

Initial appointments from outside the service to secretaryships in the Diplomatic Service shall be only to the Classes of Third Secretary of Embassy, or, in case of higher existent vacancies, of Second Secretary of Legation, or of Secretary of Legation at such post as has assigned to it but one secretary. Vacancies in secretaryships of higher classes shall be filled by promotion from the lower grades of the service, based upon efficiency and ability as shown in the service.

To make it more practicable to extend to the appointment, promotion, transfer, or retention of secretaries in the Diplomatic Service, the civil-service principle of promotion on the basis of efficiency as shown in the service, and in order that the action of the department may be understood by the officers concerned, all secretaryships in the Diplomatic Service shall be graded according to the importance, volume, difficulty, or other aspects of the work done by each mission in proportion to the number of men allotted to it, and this classification shall be made known to the members of the service.

A person separated from a secretaryship in the Diplomatic Service without delinquency or misconduct at his own request in writing may, within a period of one year from the date of such separation, be reinstated in the grade from which he was separated, provided he shall have been originally appointed after the prescribed examination for that grade. In the event, however, that such separation shall be for the purpose of undertaking other work under the Department of State, the limitation of one year for eligibility for reinstatement shall not hold. This rule shall be applicable as regards reinstatements to the Consular Service and also to the Department of State when transfers shall have been to another branch of the foreign service.

The Assistant Secretary of State,* the Third Assistant Secretary of State,† the Solicitor for the Department of State, the Chief of the Diplomatic Bureau, and the Chief of the Bureau of Appointments, and the Chief Examiner of the Civil Service Commission, or some person whom the commission shall designate, or such persons as may be designated to serve in their stead, are hereby constituted a Board whose duty it shall be to determine the qualifications of persons designated by the President for examination to determine their fitness for possible appointment as secretaries of embassy or legation.

The examination herein provided for shall be held in Washington at such times as the needs of the service require. Candidates will be given reasonable notice to attend, and no person shall be designated to take the examination within thirty days of the time set therefor.

The examinations shall be both oral and in writing and shall include the following subjects: international law, diplomatic usage, and a knowledge of at least one modern language other than English, to wit, French, German, or Spanish; also the natural, industrial, and commercial resources and the commerce of the United States, especially with reference to the possibilities of increasing and extending the trade of the United States with foreign countries; American history, government, and institutions; and the modern history since 1850 of Europe, Latin America, and the Far East. The object of the oral examination shall also be to determine the candidate's alertness, general contemporary information, and natural fitness for the service, including mental, moral, and physical qualifications, character, address, and general education and good command of English. In this part of the examination the applications previously filed will be given due weight by the board of examiners. In the determination of the final rating, the written and oral ratings shall be of equal weight. A physical examination shall also be included as supplemental.

* As amended by the Executive order of April 11, 1916.

† As amended by the Executive order of September 17, 1913.

Examination papers shall be rated on a scale of 100, and no person with a general rating of less than 80 shall be certified as eligible.

No person shall be certified as eligible who is under twenty-one or over thirty-five* years of age, or who is not a citizen of the United States, or who is not of good character and habits and physically, mentally, and temperamentally qualified for the proper performance of diplomatic work, or who has not been specially designated by the President for appointment to the diplomatic service subject to examination and subject to the occurrence of an appropriate vacancy.

Upon the conclusion of the examinations, the names of the candidates who shall have attained upon the whole examination the required mark will be certified by the Board to the Secretary of State as eligible for appointment.

The names of candidates will remain on the eligible list for two years, except in the case of such candidates as shall within that period be appointed or shall withdraw their names. Names which have been on the eligible list for two years will be dropped therefrom and the candidates concerned will not again be eligible for appointment unless upon fresh application, designation anew for examination, and the successful passing of such second examination.

Applicants for appointment who are designated to take an examination and who fail to report therefor, shall not be entitled to take a subsequent examination unless they shall have been specifically designated to take such subsequent examination.

In designations for appointment subject to examination and in appointments after examination, due regard will be had to the rule, that as between candidates of equal merit, appointments should be made so as to tend to secure proportional representation of all the States and Territories in the diplomatic service; and neither in the designation for examination or certification or appointment after examination will the political affiliations of the candidates be considered.

The Board of Examiners is authorized to issue such notices and to make all such rules as it may deem necessary to accomplish the object of this regulation.

Transfers from one branch of the foreign service to another shall not occur except upon designation by the President for examination and the successful passing of the examination prescribed for the service to which such transfer is made. Unless the exigencies of the service imperatively demand it, such person to be transferred shall not have preference in designation for the taking of the examination or in the appointment from the eligible list, but shall follow the course of procedure prescribed for all applicants for appointments to the service which he desires to enter. To persons employed in the Department of State at salaries of eighteen hundred dollars or more, the preceding rule shall not apply and they may be appointed, on the basis of ability and efficiency, to any grade of the diplomatic service.

The Secretary of State may, as provided by Rule III of the present Civil Service Rules, request the Civil Service Commission to hold special examinations for the position of clerk of class two or above in the Department of State, such examination to follow generally and so far as the Secretary of State shall deem practicable, the lines of the present foreign service examinations.

In the case of promotions in the Department of State to the grades of clerk of class two or above, the Secretary of State may require the passing of an examination in the general nature of the present diplomatic or consular service examinations.

With further reference to the matter of promotions in the Department of State, the Secretary of State is directed to cause to be kept, as a guide in determining the promotion or retention of the personnel, a careful record of the efficiency of each clerk in the Department.

WM. H. TAFT.

THE WHITE HOUSE, *November 26, 1909.*

No officer or employee of the Government shall, directly or indirectly, instruct or be concerned in any manner in the instruction of any person or classes of persons, with a view to their special preparation for the examinations of the Boards of Examiners for the diplomatic and consular services.

The fact that any officer or employee is found so engaged shall be considered sufficient cause for his removal from the service.

WM. H. TAFT.

THE WHITE HOUSE, *December 23, 1910.*

* As amended by the Executive order of April 21, 1915.

INFORMATION FOR APPLICANTS DESIRING APPOINTMENT TO SECRETARYSHIPS
IN THE DIPLOMATIC SERVICE.

Diplomatic-service examinations are not held at regularly stated periods, but only at such times as it is deemed expedient to replenish the list of those eligible for such appointment. The dates of the holding of examinations are publicly announced through the press. It is not the practice to notify applicants individually of the date set for an examination. Examinations are held in Washington only, and consist of written, oral, and physical tests.

Applications for appointment should be addressed to the Secretary of State. Blank forms of application may be had upon application to the Department of State.

An application is considered as pending for a period of two years. After such period has elapsed without its being acted upon, another application with endorsements will be necessary to obtain for it further consideration.

Applicants for appointment, in their correspondence with the department, should always sign their names as given in their applications, without enlargement or contraction.

A candidate is not designated for examination with a view to his assignment to a particular post or a particular part of the world, but in order to determine his eligibility for assignment to some post where, in the judgment of the department, his services would best serve the public interest.

No special training is accepted in lieu of the prescribed examination.

The Government does not maintain a school for the training of candidates for the foreign service; neither does it furnish a course of study in any school or suggest a list of books to be studied.

The department is not able definitely to forecast when vacancies in the service may occur.

For information concerning the appointment of clerks in diplomatic missions, see page 153.

GENERAL INFORMATION REGARDING SECRETARIES IN THE DIPLOMATIC SERVICE.

Secretaries of embassy or legation are entrusted with the duty of transcribing the official communications of the head of the mission and of recording the same in books to be carefully preserved with the archives of the office, and are expected to perform such other duties of an official character as may be required of them by their chief of mission. The classification and indexing of the originals of all despatches, notes, and official communications, the custody of the records, books, seal, and cipher of the embassy or legation are also under their control, subject to the general supervision and direction of the head of the mission. They are also authorized by statute to administer oaths, take depositions, and generally to perform notarial acts.

All diplomatic officers are allowed to draw on the Secretary of State at the rate of five cents per mile for the distance required to be traveled in direct transit to or from their posts, but not while

traveling on leave of absence. They are also allowed compensation at the rate of their salary for the time spent in transit within a maximum period fixed for the post.

When a secretary of embassy or legation acts as *chargé d'affaires ad interim* he is allowed, in addition to his salary as secretary, the difference between such salary and 50 per centum of the salary of the chief of the mission.

The statutory leave of absence granted to diplomatic officers annually is sixty days, but it rests with the Department to determine whether the leave may be granted. When leave of absence with permission to visit the United States is granted, the transit time, within a maximum period allowed, is not counted as part of the sixty days.

INFORMATION REGARDING CLERICAL APPOINTMENTS IN THE DIPLOMATIC SERVICE.

Clerks are employed at the various diplomatic missions and receive compensation varying, as a rule, from \$1,000 to \$1,800 a year. Their duties embrace bookkeeping, letter writing, recording correspondence, and routine chancery work. It is usually required that clerks be stenographers and typewriters and possess a knowledge of the language of the country where they are employed. Under the law American citizens only may be appointed to clerkships in American diplomatic missions.

No formal examination is required for appointment to a clerkship; the department, however, reserves the right to examine an applicant in any particular it may deem advisable. To become eligible for promotion to the grade of secretary of embassy or legation a clerk in a diplomatic mission must pass the prescribed entrance examination.

Applications for clerical appointments should be addressed to the Secretary of State, and the blank form used may be obtained from the Department of State.

SAMPLE EXAMINATION FOR THE DIPLOMATIC SERVICE.

The following questions are furnished as suggestive of the character of those comprised in the examination—for the taking of which two days of six hours each are allowed:

SUBJECT—INTERNATIONAL LAW.

1. (a) State the origin and nature of international law and indicate the chief factors in its modern development.

(b) What is the status of international law in American jurisprudence; *i. e.*, is it regarded as a branch of municipal law or is it considered a foreign system?

(c) State some of the leading writers in international law, enumerate some textbooks on the subject, and state what books you would refer to if a question of international law arose with which you are unfamiliar.

2. (a) Upon the execution of Louis XVI, the British Government refused to receive the French diplomatic agent and sent him his passports. Was the action of the British Government correct?

(b) Napoleon III began a suit in the Supreme Court of the United States. Upon his dethronement and the establishment of the French Republic on September 3, 1870, it was contended that the suit abated by reason of the deposition of the Emperor Napoleon. What, in your opinion, should be the holding on this point?

(c) Cotton owned by the Confederate States was shipped to their agents in Liverpool, who paid the expenses of transportation, took possession of the cotton, stored it in warehouses, and guarded it at considerable expense. Upon the fall of the Confederacy the United States filed a bill, praying to have the cotton delivered to a duly constituted agent of the United States. The agents of the Confederacy seek to enforce a lien on the cotton for their expenses. How, in your opinion, should the court decide?

3. (a) A local statute forbids fishing within the three-mile limit without a license and forbids, under penalty of confiscation of the vessel, all fishing on Sunday. The sloop *Venturesome* began fishing Sunday morning beyond the three-mile limit, but after the nets had been laid and the fish surrounded the *Venturesome* drifted within the three-mile limit and was apprehended while taking the fish from

the nets placed beyond the three-mile limit, but which had drifted within the limit. Upon suit brought for confiscation of the vessel, what, in your opinion, would be the holding of the court?

(b) Suppose the vessel had begun fishing within the three-mile limit, and noticing the approach of a revenue cutter put to sea. The cutter followed, captured the *Venturesome* upon the high seas, brought it to port, and began condemnation proceedings. What, in your opinion, should be the holding of the court?

4. (a) A diplomatic agent, driving his automobile at a rate of speed forbidden by law, runs over and seriously injures a passer-by. The chauffeur is notified by the police to go with him to the police station but refuses. The policeman thereupon arrests him, the diplomatic agent protesting that he must be driven at once to the State Department on important business for his Government. If consulted, what would you advise the diplomatic agent and the chauffeur as to their rights and duties in the premises.

(b) A diplomatic agent leases a house for the period of two years at an annual rental of five thousand dollars, payable monthly. The agent pays rent for the first three months, but thereafter neglects to pay the rent when due. At the expiration of a year the owner of the house seeks to evict the diplomat and files an action to recover the rent due and damages for the breach of the lease. What, in your opinion, should be the result? Would it make any difference in your answer if instead of a diplomat the tenant was a consul-general?

5. (a) The late President Castro proceeded to La Guaira upon a French merchant ship. Upon his arrival in La Guaira the Venezuelan authorities came aboard and demanded Castro, but the captain refused to deliver him. The Venezuelan authorities thereupon withdrew, and the captain, fearing that force would be used, transferred Castro to a French man-of-war lying in the harbor. Upon demand made upon the man-of-war to surrender Castro and refusal, a land battery opened fire upon the man-of-war. Discuss and distinguish the two situations.

(b) During the recent revolution in Constantinople one X, a member of the late Turkish Cabinet, applied to the American embassy for admission and was admitted. One Y, a member of the recent Government, indicted for the misappropriation of funds, secretly entered the American embassy. Z, an opponent of the revolution, pursued by a mob, seeks refuge in the American embassy. What should be the action of the American embassy in each of these cases?

Would it make any difference, in your opinion, if the events described had taken place in Paris upon the overthrow of Napoleon III or in Brazil upon the expulsion of Dom Pedro?

6. A Japanese army crosses the boundary between Korea and China at 1.30 a. m., on May 15, 19— . News of the invasion of China by Japanese forces does not reach Manila until May 17, 19—. On May 16, without any knowledge of the state of affairs created by the invasion of China, X, Y & Z, an American firm, shipped on board an American steamer a cargo of arms and ammunition, destined to a Chinese port, in fulfillment of a contract previously entered into. The vessel is captured by a Japanese cruiser on the ground that war existed between China and Japan. X, Y & Z asked the good offices of the American embassy at Tokyo to secure the release of the cargo on the ground that there was no declaration of war and the American shippers did not and could not know at the date of the shipment of the hostile relation between Japan and China. What advice would you give to the representative of X, Y & Z?

7. Discuss the effect of war upon trade; upon executory and executed contracts.

8. (a) Define contraband, state its divisions, and the penalty for its carriage if captured.

(b) Define blockade and note the conditions under which a declaration is valid as binding upon neutrals.

9. State the requirements of a valid capture of (a) enemy and (b) neutral property upon the high seas. State when title passes to captor in each case and the formalities requisite to give a perfect title to captured property.

10. (a) Enumerate some of the more important recent international conferences and state some of their most important results.

(b) Explain the distinction between "good offices," "mediation," and "arbitration." Cite some American instances of arbitration, and explain the attitude of the United States toward arbitration.

(c) Give the general arbitration clause and explain why "independence, vital interests, and honor" are excluded from the obligation of arbitration provided for by recent treaties.

4. The immunity from the criminal and civil jurisdiction of the country of his sojourn, which the diplomatic representative possesses, is also accorded to the secretary of the legation. On what ground?

DEPARTMENT OF STATE,

Washington, August 12, 1900.

The Government of the United States learns with satisfaction of the appointment of Earl Li Hung Chang as envoy plenipotentiary to conduct negotiations with the powers, and will, on its part, enter upon such negotiations with a desire to continue the friendly relations so long existing between the two countries.

It is evident that there can be no general negotiation between China and the powers so long as the ministers of the powers and the persons under their protection remain in their present position of restraint and danger, and that the powers can not cease their efforts for the delivery of these representatives, to which they are constrained by the highest considerations of national honor, except under an arrangement adequate to accomplish a peaceable deliverance.

We are ready to enter into an agreement between the powers and the Chinese Government for a cessation of hostile demonstrations, on condition that a sufficient body of the forces composing the relief expedition shall be permitted to enter Peking unmolested and to escort the foreign ministers and residents back to Tientsin; this movement being provided for and secured by such arrangements and dispositions of troops as shall be considered satisfactory by the generals commanding the forces composing the relief expedition.

XXI. REGULATIONS GOVERNING APPOINTMENTS AND PROMOTIONS IN THE CONSULAR SERVICE.

EXECUTIVE ORDERS.

Whereas, The Congress, by Section 1753 of the Revised Statutes of the United States has provided as follows:

"The President is authorized to prescribe such regulations for the admission of persons into the civil service of the United States as may best promote the efficiency thereof, and ascertain the fitness of each candidate in respect to age, health, character, knowledge, and ability for the branch of service into which he seeks to enter; and for this purpose he may employ suitable persons to conduct such inquiries, and may prescribe their duties, and establish regulations for the conduct of persons who may receive appointments in the civil service."

And, whereas, the Congress has classified and graded the consuls-general and consuls of the United States by the act entitled "An act to provide for the reorganization of the consular service of the United States," approved April 5, 1906, and has thereby made it practicable to extend to that branch of the civil service the aforesaid provisions of the Revised Statutes and the principles embodied in the Civil Service Act of January 16, 1883.

Now, therefore, in the exercise of the powers conferred upon him by the Constitution and laws of the United States, the President makes the following regulations to govern the selection of consuls-general and consuls in the civil service of the United States, subject always to the advice and consent of the Senate:—

1. Vacancies in the office of consul-general and in the office of consul above class 8 shall be filled by promotion from the lower grades of the consular service, based upon ability and efficiency as shown in the service.
2. Vacancies in the office of consul of class 8 and of consul of class 9 shall be filled:
 - (a)* By promotion on the basis of ability and efficiency as shown in the service, of consular assistants † and of vice-consuls, consular agents, student interpreters and interpreters in the consular or diplomatic service, who shall have been appointed to such offices upon examination.

* As amended by Executive orders of December 12, 1906, and April 20, 1907.

† As amended by the Act approved May 21, 1908.

(b) By new appointments of candidates who have passed a satisfactory examination for appointment as consul as hereafter provided.

3. Persons in the service of the Department of State with salaries of two thousand dollars or upwards shall be eligible for promotion, on the basis of ability and efficiency as shown in the service, to any grade of the consular service above class 8 of consuls.

4. The Secretary of State, or such officer of the Department of State as the President shall designate, the Director of the Consular Service,* the Chief of the Consular Bureau,* and the Chief Examiner of the Civil Service Commission, or some person whom said Commission shall designate, shall constitute a board of examiners for admission to the consular service.

5. It shall be the duty of the Board of Examiners to formulate rules for and hold examinations of applicants for admission to the consular service.

6. The scope and method of the examinations shall be determined by the Board of Examiners, but among the subjects shall be included at least one modern language other than English; the natural, industrial, and commercial resources and the commerce of the United States, especially with reference to the possibilities of increasing and extending the trade of the United States with foreign countries; political economy; elements of international, commercial, and maritime law.

7. Examination papers shall be rated on a scale of 100, and no person rated at less than 80 shall be eligible for certification.

8. No one shall be examined who is under twenty-one or over fifty years of age, or who is not a citizen of the United States, or who is not of good character and habits, and physically and mentally qualified for the proper performance of consular work, or who has not been specially designated by the President for appointment to the consular service subject to examination.

9. Whenever a vacancy shall occur in the eighth or ninth class of consuls which the President may deem it expedient to fill, the Secretary of State shall inform the Board of Examiners, who shall certify to him the list of those persons eligible for appointment, accompanying the certificate with a detailed report showing the qualifications, as revealed by examination, of the persons so certified. If it be desired to fill a vacancy in a consulate in a country in which the United States exercises extra-territorial jurisdiction, the Secretary of State shall so inform the Board of Examiners, who shall include in the list of names certified by it only such persons as have passed the examination provided for in this order, and who also have passed an examination in the fundamental principles of the common law, the rules of evidence, and the trial of civil and criminal cases. The list of names which the Board of Examiners shall certify shall be sent to the President for his information.

10. No promotion shall be made except for efficiency, as shown by the work that the officer has accomplished, the ability, promptness, and diligence displayed by him in the performance of all his official duties, his conduct, and his fitness for the consular service.

11.† It shall be the duty of the Board of Examiners to formulate rules for and hold examinations of persons designated for appointment as consular assistant ‡ or as student interpreter, and of such persons designated for appointment as vice consul and consular agent, as shall desire to become eligible for promotion. The scope and method of such examination shall be determined by the Board of Examiners, but it shall include the same subjects hereinbefore prescribed for the examination of consuls. Any vice consul or consular agent now in the service, upon passing such an examination shall become eligible for promotion, as if appointed upon such examination.

12. In designations for appointment subject to examination and in appointments after examination, due regard will be had to the rule, that as between candidates of equal merit, appointments should be so made as to secure proportional representation of all the States and Territories in the consular service; and neither in the designation for examination or certification or appointment will the political affiliations of the candidate be considered.

THEODORE ROOSEVELT.

THE WHITE HOUSE, *June 27th, 1906.*

A person separated from a secretaryship in the Diplomatic Service without delinquency or misconduct at his own request in writing may, within a period of one year from the date of such separation, be reinstated in the grade from which he was separated, provided he shall have been

originally appointed after the prescribed examination for that grade. In the event, however, that such separation shall be for the purpose of undertaking other work under the Department of State, the limitation of one year for eligibility for reinstatement shall not hold. This rule shall be applicable as regards reinstatements to the consular service and also to the Department of State when transfers shall have been to another branch of the foreign service.—*From Executive order of November 26, 1909.*

No officer or employee of the Government shall, directly or indirectly, instruct or be concerned in any manner in the instruction of any person or classes of persons, with a view to their special preparation for the examinations of the Boards of Examiners for the diplomatic and consular services.

The fact that any officer or employee is found so engaged shall be considered sufficient cause for his removal from the service.

WM. H. TAFT.

THE WHITE HOUSE, December 23, 1910.

REGULATIONS GOVERNING EXAMINATIONS FOR THE CONSULAR SERVICE PROMULGATED BY THE BOARD OF EXAMINERS DECEMBER 13, 1906.

1. The examinations will be the same for all grades and will be to determine a candidate's eligibility for appointment in the consular service, irrespective of the grade for which he may have been designated for examination and without regard to any particular office for which he may be selected.

2. The examinations will consist of an oral and a written one, the two counting equally. The object of the oral examination will be to determine the candidate's business ability, alertness, general contemporary information, and natural fitness for the service, including moral, mental, and physical qualifications, character, address, and general education and good command of English. In this part of the examination the applications previously filed will be given due weight by the Board of Examiners, especially as evidence of the applicant's business experience and ability. The written examination will include those subjects mentioned in the Executive order, to wit, at least one modern language other than English—French, German, or Spanish;* the natural, industrial, and commercial resources and the commerce of the United States, especially with reference to possibilities of increasing and extending the foreign trade of the United States; political economy, and the elements of international, commercial, and maritime law. It will likewise include American history, government, and institutions; political and commercial geography; arithmetic (as used in commercial statistics, tariff calculations, exchange, accounts, etc.); the modern history, since 1850, of Europe, Latin America, and the Far East, with particular attention to political, commercial, and economic tendencies. In the written examination, composition, grammar, punctuation, spelling, and writing will be given attention.

3. To become eligible for appointment, except as student interpreter, in a country where the United States exercises extraterritorial jurisdiction, the applicant must pass the examination outlined above, but supplemented by questions to determine his knowledge of the fundamental principles of common law, the rules of evidence, and the trial of civil and criminal cases.

4. The examinations to be given candidates for appointment as student interpreters will follow the same course as in the case of other consular officers, provided, however, that no one will be examined for admission to the consular service as a student interpreter who is not between the ages of nineteen and twenty-six, inclusive, and unmarried; and, provided further, that upon appointment each student interpreter shall sign an agreement to continue in the service so long as his services may be required, within a period of five † years.

5. Upon the conclusion of the examinations the names of the candidates who shall have attained upon the whole examination an average mark of at least eighty, as required by the Executive order, will be certified by the Board to the Secretary of State as eligible for appointment in the consular service, and the successful candidates will be informed that this has been done.

* As amended by the Board of Examiners February 18, 1911.

† As amended by the Act approved May 21, 1908.

6. The names of candidates will remain on the eligible list for two years, except in the case of such candidates as shall within that period be appointed, or as shall withdraw their names, and of candidates holding subordinate positions in the consular service, when eligibility shall not expire until appointment to consular rank or until separation from the service. Candidates whose names have thus been dropped from the eligible list will not again be eligible for appointment unless upon fresh application, designation anew for examination, and the successful passing of such second examination.*

INFORMATION FOR APPLICANTS DESIRING APPOINTMENT IN THE CONSULAR SERVICE.

Consular-service examinations are held usually once a year, in Washington only.

No one may be examined who is not especially designated to take the examination. The letter of designation furnishes all information necessary as to date, place, etc., of the examination. Traveling and other personal expenses connected with the taking of examinations must be borne by the candidates.

A general notice of examinations is announced through the public press. Notice is not sent to all applicants, but only to those designated for examination.

Blank forms of application for appointment may be had upon application to the Department of State.

Although designations for examination are made by the President, applications for appointment should be addressed to the Secretary of State.

An application is considered as pending for a period of two years. After such period has elapsed without its being acted upon, another application with indorsements will be necessary to obtain further consideration.

Applicants for appointment, in their correspondence with the Department, should always sign their names as given in their applications, without enlargement or contraction.

Originals of all indorsements listed in the application must be filed therewith, copies thereof not being acceptable. Indorsements may not be withdrawn while a person remains an applicant, or while he is an officer or employee of the Department of State.

A candidate is not designated for examination with a view to his assignment to a particular post or a particular part of the world, but in order to determine his eligibility for appointment to class eight or nine. A consul may be assigned to any post where, in the judgment of the Department, his services would best serve the public interests.

The Government does not maintain a school for the training of candidates for the foreign service; does not recommend any particular institution; does not suggest a list of books to be studied, nor furnish a course of study in any school.

No special training is accepted in lieu of the prescribed examination, and no transfers, without examination, are made to the consular service from other branches of the Government service. The successful passing of the regular entrance examination, except as provided for in regulations 2 and 3 of the Executive order of June 27, 1906, is necessary for appointment.

The Department publishes no list of vacant posts and is not able definitely to forecast when vacancies in the service may occur.

Clerks in consular offices, vice consuls, and consular agents are appointed without examination, but are only eligible for appointment to the grade of consul upon the passing of the regular entrance examination.

Appointments to the consular service are made only after a rigid physical examination of the candidate.

It is not the practice of the Department to designate for examination vice consuls, clerks in consulates, or consular agents until they have served at least two years.

The written language examinations include papers in French, German, and Spanish only, and no other language will be accepted in lieu of one of these. An oral examination is also given the candidate, in the language selected by him in his written examination, to test his ability to converse in that language. He may also present in his oral examination any other languages with which he may be familiar.

*As amended by the Board of Examiners October 25, 1911.

Dependent upon the number of candidates, the examinations last from three to six days. The written part of the examination covers a period of two days of six hours each. The first four subjects will be given on the first day, and the remaining subjects on the day following, probably in the order presented in the sample examination.

GENERAL INFORMATION REGARDING CONSULAR OFFICERS.

DUTIES OF CONSULAR OFFICERS.

Consular officers are expected to endeavor to maintain and promote all the rightful interests of American citizens, and to protect them in all privileges provided for by treaty or conceded by usage; to visa and, when so authorized, to issue passports; when permitted by treaty, law, or usage, to take charge of and settle the personal estates of Americans who may die abroad without legal or other representatives, and remit the proceeds to the Treasury in case they are not called for by a legal representative within one year; to ship, discharge, and, under certain conditions, maintain and send American seamen to the United States; to settle disputes between masters and seamen of American vessels; to investigate charges of mutiny or insubordination on the high seas and send mutineers to the United States for trial; to render assistance in the case of wrecked or stranded American vessels, and, in the absence of the master or other qualified person, take charge of the wrecks and cargoes if permitted to do so by the laws of the country; to receive the papers of American vessels arriving at foreign ports and deliver them after the discharge of the obligations of the vessels toward the members of their crews, and upon the production of clearances from the proper foreign port officials; to certify to the correctness of the valuation of merchandise exported to the United States where the shipment amounts to more than \$100; to act as official witnesses to marriages of American citizens abroad; to aid in the enforcement of the immigration laws, and to certify to the correctness of the certificates issued by Chinese and other officials to Chinese persons coming to the United States; to protect the health of our seaports by reporting weekly the sanitary and health conditions of the ports at which they reside, and by issuing to vessels clearing for the United States bills of health describing the condition of the ports, the vessels, crews, passengers, and cargoes; and to take depositions and perform other acts which notaries public in the United States are authorized or required to perform. A duty of prime importance is the promotion of American commerce by reporting available opportunities for the introduction of our products, aiding in the establishment of relations between American and foreign commercial houses, and lending assistance wherever practicable to the marketing of American merchandise abroad.

In addition to the foregoing duties, consular officers in China, Turkey, Siam, Morocco, and a few other so-called non-Christian countries, are invested with judicial powers over American citizens in those countries. These powers are usually defined by treaty, but generally include the trial of civil cases to which Americans are parties, and in some instances extend to the trial of criminal cases.

VICE CONSULAR OFFICERS.

The office of vice consul is a subordinate office except during the absence from duty of the principal officer at the post, in which case the vice consulship becomes temporarily a substitute office. Vice consuls exercise and perform the duties of the consular offices to which they are attached, as stipulated in the Consular Regulations and laws of the United States, including the duties heretofore performed by deputy consular officers. These duties will be performed under the direction of the principal consular officer when he is at his post of duty, and when he is absent the vice consul will assume full charge of the office under his bond. But a vice consul may be detailed by the Department for duty at a post in the district different from that at which the principal officer is stationed when the public interests so require.

In the case of offices to which it is necessary to assign more than one vice consul, the Department determines the relative rank of the vice consuls so assigned and designates which one of them shall take charge of the office in the absence of the principal officer.

Vice consuls receive no compensation as such when the principal officer is at his post of duty, but when the principal officer is temporarily absent or relieved from duty, the vice consul lawfully authorized to assume charge of the consular office shall be entitled to receive in addition to any salary or compen-

sation due him as a subordinate officer or employee an amount sufficient to make his compensation for the period he may be in charge of the office equal to fifty per centum of the salary of the principal officer for the period. In case no such officer shall at the time be so assigned, the additional compensation shall be computed on the basis of the salary of the principal officer last assigned to the post. A vice consul who receives no compensation as a subordinate officer or employee is entitled to compensation equal to fifty per centum of the salary of the principal officer assigned to the post for the period during which the vice consul shall be temporarily in charge of the post during the absence of the principal.

CONSULAR AGENTS.

A consular agent is an officer subordinate to a consul general or consul, exercising similar powers at a place different from that at which the consulate general or consulate is situated. He acts under the direction of his principal, and one-half of the fees collected by him constitute his compensation, which may not exceed \$1,000 in any one year. Consular agents pay the rent of their offices, the Government furnishing them with forms, record books, stationery, etc., for official use. A consular agent may engage in private business in the country of his official residence.

CONSULAR ASSISTANTS.

There are forty consular assistants, who are appointed by the President and hold office during good behavior. They may be assigned, from time to time, to such consular offices and with such duties as the Secretary of State may direct. When so assigned they are subordinate to the principal officer at the post, and perform such clerical or other duties of the office as he may designate. They receive a salary of \$1,000 a year for the first three years, and thereafter \$200 a year additional each succeeding year until a maximum of \$1,800 is reached. Candidates for the office of consular assistant must be over twenty-one years of age. Consular assistants are eligible for promotion to the grade of consul without further examination.

CLERKS IN CONSULAR OFFICES.

Clerks are employed at the various consular offices and receive compensation varying, as a rule, from \$300 to \$1,500 a year, beginning with their arrival and entrance upon duty at the consular office. Their duties embrace bookkeeping, letter writing, recording correspondence, and routine consular work. It is usually required that they be stenographers and typewriters and possess a knowledge of the language of the country where they are employed. They are frequently appointed upon nomination of a consul general or consul, but the Department of State exercises its right to make independent appointments whenever that course appears to be in the interest of the service. American citizens only under fifty years of age are appointed to clerkships.

For such appointments no examination is required, but to become eligible for promotion to the grade of student interpreter, consular assistant, or consul a clerk in a consular office must pass the prescribed entrance examination.

Applications for clerical appointments should be filed with the Department of State.

STUDENT INTERPRETERS.

Provision is made for ten student interpreters at the legation to China, six at the embassy to Japan, and ten at the embassy to Turkey. These officers receive annual salaries of \$1,000 and allowances for tuition of \$180 each in China and \$125 each in Japan and Turkey, and are required to study the language of the country with a view of supplying interpreters to the American diplomatic and consular offices in China, Japan, and Turkey. Upon receiving an appointment each student interpreter is required to sign an agreement to continue in the service as interpreter to the legations and consulates so long as his services may be required within a period of five years. After acquiring the language of the country, they may be assigned to duty in diplomatic or consular offices, and are eligible to promotion to the office of interpreter and to that of consul of class 8 or 9.

MARSHALS FOR CONSULAR COURTS.

Marshals are provided for certain of the consular courts in China and at Constantinople, Turkey, where the American consuls are invested with judicial powers over American citizens. It is the duty of marshals to execute all process issued by the ambassador or minister of the United States, or by the

consuls at the posts at which they reside, and to make due return thereof, and to perform the duties comprehended in the consular court regulations. They are also required to assist in the general work of the consulates.

COMPENSATION OF CONSULAR OFFICERS.

All consuls-general and consuls are prohibited from engaging in private business in the country in which they have their official residence, and the Department may extend this prohibition to any other consular officer or employee. Consular officers are required to account for all fees collected by them, and the salaries fixed by law or regulation constitute their sole and only compensation, except as specially provided in the case of consular agents, who are compensated, up to the limit of \$1,000, by one-half of the fees collected by them.

TRAVELING EXPENSES.

Consuls-general, consuls, and student interpreters are entitled to additional compensation of five cents a mile when traveling under orders of the Secretary of State, and in going to and returning from their posts, except in connection with leaves of absence. Consular assistants are allowed actual and necessary traveling expenses, but no provision is made for traveling expenses of clerks in consular offices.

EXAMINATIONS.

As will be seen by reference to the foregoing regulations for promotion and examination, all candidates for the offices of consul of class 8 or 9, consular assistant, and student interpreter, and also candidates for the offices of vice consul and consular agent who may desire to become eligible for promotion are required to pass the prescribed examination. Applicants for appointment as vice consul, consular agent, or clerk in the consular service are not required to be examined. Vice consuls, consular agents, and clerks can not, however, be promoted to the grade of consul without having first passed the prescribed examination.

SIR: We are in receipt of your favor of the 14th inst., and regret very much our inability to reduce the prices that we quoted. We should be sorry if the price list furnished interfered in any way with our entering into business relations with your firm, with which we have long desired to cooperate. Your offers, however, are so much below prices current that we prefer to lose an order rather than to cut our profits below a paying basis. For two months past textiles have been looking up, and, in line with other manufacturers, we should rather raise than lower quotations. In fact, we have decided to revise our price list on January 1, and prices will be, on an average, 5 per cent higher. We would advise you, therefore, to avail yourself of present favorable conditions by sending us an order at the prices quoted you, and we trust that you may see your way clear to do this. Awaiting your reply, we are,

Your obedient servants,

XXII.—REGULATIONS GOVERNING INTERPRETERS AND STUDENT INTERPRETERS IN CHINA, JAPAN, AND TURKEY.

1. Vacancies in the grade of student interpreter in China, Japan, and Turkey shall be filled by the appointment of persons who have successfully passed the examination for student interpreter prescribed by the Executive Order of June 27, 1906.*

2. After appointment, student interpreters will report for duty to the head of the mission to which they are to be attached in China, Japan, or Turkey, as the case may be, upon receiving instructions to do so from the Secretary of State.

3. After entering upon their duties at the mission, students will be expected to devote their time, under the supervision of the head of the mission and under the immediate direction of the language secretary thereof, to the study of the language of the country. Their retention in the service will depend upon their progress in mastering the language and upon their industry and good conduct. In order to determine their progress they will be examined quarterly by the language officer, a report of which examinations will be made annually to the chief of mission and be transmitted by him to the Secretary of State with his own report upon the general efficiency, adaptability, loyalty, good moral conduct, and standing of each student. The substance of these reports will be entered upon the record of each student at the Department of State.

4. In forwarding his first annual report upon each student at the end of one year after the student's arrival at the diplomatic mission, the chief of the mission will report to the Secretary of State whether in his opinion and that of the language officer of the mission the student has shown by progress in his studies and by his conduct and bearing that he possesses the qualifications indispensable for successful work as an interpreter. If his opinion should be unfavorable to the student, he will recommend, either that the student be assigned to some subordinate position, which, in his opinion, the student may be capable of filling, or that he be dropped from the service, and his report should be accompanied by the examination papers.

5. Except as otherwise provided herein, students shall remain attached to missions for at least two years. Upon the completion of two years' study of the language of the country, they will be examined for the purpose of determining their eligibility for promotion to the grade of Interpreter by a board composed of the language officer and two qualified Americans designated by the chief of the mission. The examination shall be both oral and written and shall test the student's knowledge of moderately difficult written and spoken language of the country, together with the history, geography, commerce, and institutions of the country, and an elementary knowledge of such of the laws of the country as may pertain to the duties which they may ultimately be called upon to perform, either as interpreters or consular officers. Students in Turkey will also be examined in the French language. In order to pass the examination students must receive a rating of 80 on a scale of 100. A report of the result of the examination, accompanied by the papers in the written examination and a detailed report of the special qualifications, industry, moral conduct, and dependableness of each student will be made by the head of the mission to the Secretary of State for his consideration in determining the student's eligibility for promotion and for entry upon the efficiency records of the students. Inasmuch as in the interests of uniformity in the three branches of the Student corps, it is necessary that the Department review the examinations of the Students, no information as to the grades given by the Board of Examiners or the recommendations by the head of the mission should be given the candidates except upon specific authorization from the Department.

6. Students who successfully pass the foregoing examination and whose efficiency records are in other respects satisfactory may be given the rank of Interpreter, at a salary of \$1,500 per annum; provided that there shall be not more than three Interpreters at this salary in Japan, seven in China, and five in Turkey. If at the completion of the first period of two years' study the Student shall be unable to pass the prescribed examination he shall be permitted, at the discretion of the chief of mission and language officer, to continue his studies at the mission for not more than one year longer.

7. Two years after passing the foregoing examination a second will be given, more difficult than the first but similar in scope, except that it shall include international and commercial law and an intimate knowledge of Consular Regulations and practice. Interpreters or Students passing the second examination with a rating of at least 80 may be promoted to be Interpreters with a salary of \$1,650 per annum; provided, that there shall be not more than two such Interpreters in Japan, four in China, and

* See p. 157 *supra*; see also Executive Order of December 123, 1910, p. 159.

four in Turkey. Candidates who fail to pass this examination may be given an opportunity to appear for re-examination one year later. It is intended that success in this second examination shall indicate the Student as qualified for the post of Assistant Japanese, Chinese, or Turkish Secretary at the diplomatic mission in Japan, China, or Turkey, as the case may be, or, if in China, of Assistant Assessor on the Mixed Court at Shanghai.

8. Two years after the passage of the second examination there will be given the final examination, which will be more difficult but of similar scope, with the additional requirement of a fair knowledge of common, criminal, and admiralty law and practice. On passing this examination promotion may be made to be Interpreter, with a salary of \$1,800 per annum; provided, that in the service there shall be not more than two such Interpreters in Japan, three in China, and two in Turkey. Such rank shall indicate the Interpreter as qualified for the grade of consul or for the post of Japanese, Chinese or Turkish Secretary at the diplomatic mission, or, if in China, the Interpreters shall be eligible for promotion to the office of Assessor on the Mixed Court at Shanghai.

9. All examinations will take place at the diplomatic mission in the country of which the Students or Interpreters are studying the language. In the event, however, that the exigencies of the service shall not permit the Students or the Interpreters to return to Tokyo, Peking, or Constantinople for the purpose of taking the required examinations the Ambassador or Minister, as the case may be, after the preparation of the papers by the language officer, shall mail them in personal and sealed envelopes to the consul in whose office the Interpreter is serving, and said consular officer shall conduct the written examination in the same manner as if it were being held in Tokyo, Peking, or Constantinople.

10. Special examinations prior to the termination of the specified periods may be arranged for such Students or Interpreters as may submit with their applications evidence of such familiarity with the subjects prescribed as to justify the holding of a special examination.

11. The chiefs of mission concerned will exercise a supervisory control over the movements of the Student Interpreters and Interpreters and make such transfers, subject to the approval of the Secretary of State, as may be deemed advisable in order that the officers may receive the broadening influence resulting from a knowledge of conditions at the various posts. Students attached to a mission may be required, at the discretion of the chief of mission, to perform some minor part of the official work of the mission, to the end that they may gain useful knowledge of the mode of transacting the routine business of the foreign service. It should be understood, however, that the Students' first duty is to acquire the language, and no other duty should be permitted to interfere with that object.

12. Notwithstanding the requirement that Students shall pursue their studies at the mission for at least two years after their appointment, the Secretary of State may at any time detach a student and assign him to other duty to meet an exigency of the service; but such special assignment shall not relieve the Student from the obligation to continue his study of the language and to submit himself for examination in the language as elsewhere provided, unless expressly stated in the order assigning him to special duty.

13. It is desired that Student Interpreters and Interpreters shall not marry until they have been in the service for a period of at least four years.

14. As soon as Student Interpreters shall have been promoted to the rank of Interpreter, they may be granted leave of absence for a period not to exceed sixty days (exclusive of transit time, when permission to visit the United States is expressly granted). The application for such leave of absence shall be made to the Secretary of State and must receive the approval of the officer under whom the Interpreter may be serving at the time. Subsequently to the first leave of absence, those provisions of the Consular Regulations which govern the granting of leaves of absence shall apply to the interpreter corps.

P. C. KNOX.

DEPARTMENT OF STATE,

February 28, 1913.

INFORMATION FOR APPLICANTS DESIRING APPOINTMENT TO THE STUDENT-INTERPRETER CORPS.

The appointment of ten Student Interpreters to be attached to the legation to China, six to be attached to the embassy to Japan, and ten to be attached to the embassy to Turkey is provided for by law.

Student Interpreters are appointed to study the language of the country to which they are assigned for duty, that they may be qualified for appointment as Interpreters to the diplomatic mission or consular offices in that country.

The salary of Student Interpreters is fixed by law at \$1,000 per annum. They receive a traveling allowance of five cents a mile when traveling under orders of the Secretary of State, and in going to and returning from their posts, except in connection with leaves of absence. For each Student's tuition there is an annual allowance of \$180 in China and \$125 in Japan and Turkey, while quarters for them are also provided at both Tokyo and Peking.

Only citizens of the United States, unmarried men, between the ages of nineteen and twenty-six years are examined for appointment as Student Interpreters.

The legal residence of a minor is regarded as that of his parent or guardian for the purposes of appointment as Student Interpreter.

To aid the Board of Examiners in determining the physical condition of candidates, all candidates who have been designated to take the entrance examination are, at the time of the mental examination, given a rigid physical examination by medical officers designated for that purpose.

These examinations are held in Washington only. No one may be examined who is not especially designated to take the examination. The letter of designation furnishes all information necessary as to date, place, etc., of the examination. Traveling and other personal expenses connected with the taking of examinations must be borne by the candidates.

A general notice of examinations is given through the public press. Notice is not sent to all applicants, but only to those designated for examination.

Blank forms of application for appointment may be had upon application to the Department of State.

Although designations for examination are made by the President, applications for appointment should be addressed to the Secretary of State.

An application is considered as pending for a period of two years. After that period has elapsed without its being acted upon, another application with indorsements will be necessary to obtain further consideration.

Applicants for appointment, in their correspondence with the Department, should always sign their names as given in their applications, without enlargement or contraction. The originals of all letters of endorsement listed in the application must be filed therewith, copies thereof not being acceptable.

A candidate is not designated for examination with a view to his appointment to a particular country of the three where Student Interpreters are stationed, but in order to determine his eligibility for appointment to the country where, in the judgment of the Department, his services would best serve the public interests.

No special training is accepted in lieu of the prescribed examination, and no transfers are made to the Student-Interpreter Corps from other branches of the Government service without examination. The successful passing of the regular entrance examination is necessary for appointment.

The Government does not maintain a school for the training of candidates for the foreign service; does not recommend any particular institution; does not furnish a course of study, nor suggest a list of books to be studied.

The Department publishes no list of vacant posts and is not able definitely to forecast when vacancies in the service may occur.

Dependent upon the number of candidates, the examinations last from three to six days. The written part of the examination covers a period of two days of six hours each. The first four subjects will be given on the first day, and the remaining subjects on the day following, probably in the order presented in the sample examination.

For sample examination for the Student-Interpreter Corps see page 163.

XXXVII. INTERNATIONAL TRIBUNALS OF EGYPT.

In 1876, as the result of negotiations between the Ottoman and Egyptian Governments and the various Christian powers having representatives at Cairo, certain courts were created in Egypt for the trial of civil and commercial causes arising between natives and foreigners of different nationality, as well as all questions of real estate between any person and suits of foreigners against the Egyptian Government and members of the Khedival family. These mixed tribunals, in civil matters within their exclusive jurisdiction, superseded the consular courts. A mixed tribunal consists of five judges, three of whom are foreigners and two natives. The foreign judges are appointed by the Khedive on the recommendation of the great powers, each of which is represented by from one to three judges. There are three tribunals of original jurisdiction (first instance), one each at Cairo, Alexandria, and Mansura, and a court of appeals at Alexandria. The United States is represented in these courts by the following judges:

Court of appeals.—Somerville P. Tuck, of New York (appointed 1908; appointed to court of first instance 1894).

Court of first instance.—William G. Van Horne, of Utah (appointed 1902); Pierre Crabités, of Louisiana (appointed 1911).
